

Eyeglass Prescription

*Please note: Refractions (eyeglass Prescriptions) are not considered a medical necessity and therefore are not covered by most insurance plans, especially Medicare. A charge of \$35.00 will be due at the time of the visit, if a refraction is performed.

Patients with insurances which require co-pays or deductibles will be required to have a credit card on file which would be used only in the event of an outstanding balance. This card can only be used for your co-pays, deductibles, co-insurances, or balances that are patient responsibility. When we apply your payment, a receipt will be mailed out to you for your records.
